RATTI'S RANTING SPACE

Hi all,

Finally I get the chance to write another Houshin rant, since Karth just stole the First chapter of volume 20 =P

Anyway, I hoped you liked it, at least I did so very much. (despite Tenka's death ;_;))

All is moving towards the end, and it looks like we'll finally be able to see Grand Master Shinkouhyou in action, but who knows. Maybe not in this volume.

I'm not quite sure what to expect... Our translator doesn't like vol 21 very much, but it's our (old) scanner's favourite part of the manga. I can hardly wait to see more of it. Gotta motivate

Seki a little to get back to work =P

So, have fun with this volume, and stay with us until the end.
